After the hearing period of 10 working days, this decision has not been challenged, and so the above list corresponds to the final ranking of the 2015 AIM Call.

We expect to be able to offer doctoral fellowships to the 6 top ranked candidates by the end of August. If any of these candidates do not accept the offer, the fellowships will be offered, in succession, to the remaining candidates, according to the ranking above.

With best regards, and best wishes for the future of all AIM candidates,

Lisbon, July 20, 2015

João Pedro Conde
