AIM WORKSHOP

Talks by the External Advisory Board (EAB) members

Thursday morning July 14 – Anfiteatro do Complexo Interdisciplinar, Técnico

9h30-10h30

Talking to the Brain with Light – Novel MEMS Tools for Optogenetics

Prof. Oliver Paul, Insitut für Mykrosystemtechnik – IMTEK, Germany

10h30-11h30

Design, Fabrication and Integration of synthetic nanopores into dielectric or graphene membranes for biomolecules manipulation

Dr. Jacques Gierak, Laboratoire de Photonique et des Nanostructures, CNRS, France

11-11h30 Coffee break

11h30-12h30

Challenges for integrative platforms in healthcare

Prof. Rogério Gaspar, Faculdade de Farmácia, Universidade de Lisboa, Portugal
