

## Workshop PD-FCT AIM-3

Thursday, February 2, 2017, Qa1.1 – South Tower, Instituto Superior Técnico, 1<sup>st</sup> floor

### *New interactions for AIM?*

TÉCNICO LISBOA

### Workshop Program:

14h00-14h30 **Alexandre Bernardino**, ISR, Técnico, UL

#### *Robots and humans*

14h30-15h00 **Ricardo Louro**, ITQB, UNL

#### *Microbial electrochemical technologies: A versatile platform for environmentally sustainable biotechnological processes*

15h-15h30 **Alvaro Crevenna**, ITQB, UNL

#### *Assembly dynamics of multi-subunit protein complexes*

15h30-16h *Coffee break*

16h-16h30 **Luka Clarke**, BioISI, FC, UL

#### *Cystic Fibrosis and new approaches to personalized medicine*

16h30-17h **Zach Hensel**, ITQB, UNL

#### *Microbiology at the nanoscale: counting and tracking single molecules in living cells*
