

DBE Lunch Seminar

6 June 2022 | 14–15h

Room: Anfiteatro Abreu Faro, Complexo Interdisciplinar

Zoom: <https://videoconf-colibri.zoom.us/j/88498720432>

TÉCNICO
LISBOA

DBE PhD Pitches

PhD in Biotechnology and Biosciences, Biomedical Engineering and Bioengineering

Ivo Roupa PhD Biomedical Engineering	EZMOTION – A computational tool to perform analysis of planar musculoskeletal biomechanical models Supervisor: Miguel Tavares da Silva
Pedro Diniz PhD Bioengineering	On using computational models to advance the management of Achilles tendon ruptures Supervisors: Gino Kerkhoffs, Frederico Ferreira
Gracinda Fernandes PhD Biotechnology and Biosciences	Microbiome manipulation, Vibrionaceae spp, Fish and You. What else? Supervisors: Rodrigo Costa
Ana Fouto PhD Biomedical Engineering	Neuroimaging biomarkers of migraine: impact of subsampling strategies on diffusion MRI Supervisors: Patrícia Figueiredo, Rita G. Nunes, Raquel Gil-Gouveia
Carina Maranga PhD Bioengineering	Cerebellar organoids derived from hiPSCs to model Angelman syndrome Supervisors: Tiago Fernandes, Simão Rocha
Cristiana Ulpiano PhD Biotechnology and Biosciences	Modulation of Angiogenesis by Extracellular Vesicles from Mesenchymal Stromal Cells using Minicircle-derived RNAi Technology Supervisor: Gabriel Monteiro, Cláudia Lobato da Silva
